To Whom It May Concern,

I recently had the opportunity on behalf Fort Sill, OK and the United States Army to contract a construction project with Nadler Modular Structures. Their professionalism and competencies were apparent as they built two modular structures that conformed to the Post and Federal regulations. The job was completed on schedule, within budget and with exemplary workmanship. I would whole hardly recommend Nadler Modular Structures with any of our government contracts that required complicated works, timelines, cost efficiency and restrictions.

If you have any questions, please feel free to contact me at david.staggs@us.army.mil.
