July 26, 2010

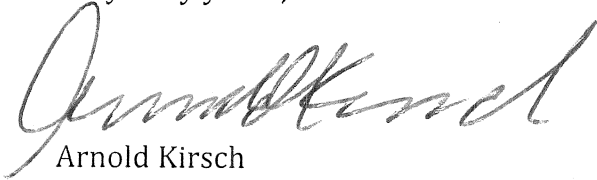

To Whom It May Concern:

I would like to take the opportunity to recommend Nadler Modular as a supplier of mobile modular facilities.

Skanska USA Civil N.E. has had a long term relationship with Nadler and currently has \$3 million of their facilities on our projects. These facilities range from simple multi-unit offices through two-story complexes. In all cases Nadler has provided all engineering, code compliance, erection and follow-on service in a high quality and competitive manner.

Skanska looks forward to continuing our business relationship with Nadler.

Very truly yours,

To Whom It May Concern:

Re: Customer Reference – Nadler Modular

Nadler Modular has been our supplier of modular units for the past several years. Accordingly, I have no hesitation in recommending them as a company with which to do business.

At present, I have several Nadler modular units at our communities. The units have always been delivered and removed on a timely basis. Any service issues were immediately addressed and corrected.

It is a pleasure dealing with Nadler's staff, who are always professional and courteous.

Sincerely,

MaryAnn Binda  
Marketing Manager

To Whom It May Concern:

It is with great pleasure that I recommend Nadler Modular Structures as a premier provider of modular schools and classrooms. They displayed professionalism and quality of work throughout the duration of the project they managed for our school system.

The doublewide classroom complex Nadler provided for the New Square Girls Elementary School was done with efficiency and expertise. They delivered, blocked, leveled, seamed and skirted the Modulares, as well as provided us with steps and ABS pads. They were meticulous in making sure that all of our needs were met with regard to the building and maintenance.

Please feel free to contact me if you have any questions with regard to this letter.

Sincerely,

Louise Marin  
Supervisor of Purchasing

To whom it may concern;

I would like to recommend Jeff Neeman and his team at Nadler Modular Structures for their expert service. They provided the office trailers that now host the Monsey Tours Headquarters. Throughout this project, I was impressed with Jeff and his team's dedication to the job and their willingness to go the extra mile. Nadler Modular has been a very competent and reliable partner during our project and I can say with assurance that both the company and its president were consistently an asset to this endeavor. I would highly recommend Nadler Modular Structures and Jeff Neeman as an ideal partner in any development.

Please feel free to contact me with any questions.

  
Sincerely,  
JJ Breuer  
President  
Monsey Tours
